In the lost introduction of the first book *Inquiry into Plants*, the king of herbs Tyrtamus has written his favorite cocktail recipe. Gin, cucumber, ginger and Basil cream.

Chunking Express

We're all unlucky in love sometimes. When I am, I go jogging. The body loses water when you jog, so you have none left for tears. When I am unlucky instead, I drink my favorite cocktail. Rum with Zakynthian rusk syrup and lemon. So, my tears are sweet n sour.

Punch, Drunk, Love

I have so much strength inside of me. You have no idea. I have a love in my life. It makes me stronger than anything you can imagine. Her name is Margarita and she is Spicy.

Do the Right Thing

C'mon. What? Always do the right thing. That's it? That's it. And What's the right thing?

A Paloma. Which paloma? The one with the Florina pepper syrup. Bring it on.

Defending your Life

Fear is like a giant fog. It sits on your brain and blocks everything - real feelings, true happiness, real joy. They can't get through that fog. But if you have a Mastiha long drink with some ginger beer, I am sure that the fog will disappear

Wings of Desire

Time will heal everything, but what if time is the illness?
Sweetheart, let's forget about time, let's have a long drink with vodka and pear cordial.

Thank me Later

Huh, what? You 'll see. Remember to walk the path of life holding hands with your child self. What did your child self used to like? Sweet stuff, having vanilla cookies at night.
Have this vodka infused with vanilla cookies then. You will thank me later.

Undone

You're human and not perfect, which is totally perfect and wonderfully human.
I know something perfect. What? This non alcoholic gin with Jasmin & Lemon Beebrush.

When You Were 11, What Did You Think You Would Be Doing Now
